COMMITTEE IS DEFIED SOCIAL AND PERSONAL AWARDING OF PRIZES

Proprietors of Alexandria Moving Picture Shows Open Again Last Night

Proprietors of moving picture theatres, which opened their doors last night in spite of the orders of the health committee of Alexandria, will be tried this afternoon at 4 o'clock at a special session of the police court on the charge of violating the order of the committee. A warrant was issued this morning on the request of Samuel G. Brent, Commonwealth attorney, at the instigation of Police Sergeant Roberts, who informed the attorney that the city lay relative to the closing of the theatres during the so called scarlet fever epidemic was being violated. Mr. Brent applied for a state warrant as the state law govern in cases of violations of the city health laws and regulations. Mr. Brent stated this morning that he had not been requested to act by the health committee of city council.

The case will be tried this afternoon before acting Police Justice Luther H. Thompson. The Alexandria Amusement Co. will be represented by Attorneys James R. and H. B. Caton, Judge J. K. M. Norton and H. Noel Garner. Mr. Brent will represent the commonwealth.

The moving picture theatres opened their doors last night and the performances were attended by large audiences. No attempt was made by the police to molest the management or the employees.

The city health committee held a meeting yesterday afternoon at which Councilman A. D. Brockett presided. They considered the communications from the Alexandria Amusement Co. and from the City School Board, and decided to keep the schools and places of amusement closed for the present, but it was stated that the ban would be lifted as soon as they thought conditions warranted it.

CONDITIONS ON BORDER

More Raids By Mexican Bandits Anticipated

San Antonio, Tex., June 7—Gen. Funston announced last night that he had what appeared to be positive information that Luis de la Rosa was marching from a point south of Laredo in the direction of the border with the evident intention of raiding the country somewhere west of Rio Grande City.

There are not now in that district enough American troops to prevent De la Rosa and his men from crossing.

To the east of Laredo in Zapata county, across the southern boundary of which De la Rosa is expected to move, there is only one troop of American cavalry.

At just what point on the border the Mexicans intend to strike was not learned and it was not announced just how far away they were, but they were said to be comparatively near.

If De la Rosa and his men reach the Rio Grande before American troops can head them off, enough force will be sent against them to drive them back into Mexico and, it was intimated, to run them down on Mexican soil.

De la Rosa was one of the leaders of the group that directed the raids west of Brownsville a year ago. Since then he has been a fugitive in his own country, with a price of \$1,000 on his head, offered by the State of Texas.

Washington, June 7—The War Department received no report from Gen. Funston last night regarding the activities of Luis de la Rosa, but officials were confident that the border commander had taken whatever steps were necessary to prevent a raid into American territory. De la Rosa's movement have been closely watched for weeks, and Gen. Funston undoubtedly is prepared, officials believe, for quick protection of any border point the bandit leader could reach.

Although Secretary Lansing has begun drafting a reply to Gen. Carranza's demand for withdrawal of American troops from Mexico, its preparation had not progressed far enough for submission at yesterday's cabinet meeting and Mexico was not discussed. Neither the State or War departments had any new dispatches bearing on the situation.

RESULT OF KITCHENER'S DEATH

Demand for Internment of All Enemy Aliens in Great Britain Also Made

London, June 7—A marked stimulus to recruiting today—the last day under the voluntary group system—and a general demand for the internment of all enemy aliens in Great Britain, regardless of age, sex, or naturalization, are the immediate results of the death of Lord Kitchener.

There is possibility of a political struggle in the background concerning the appointment of his successor. This lies in the fact that some believe the post should go to a civilian, while others are for the appointment of a military man, preferably Sir William Robertson, chief of staff.

He could not serve as secretary of state for war without being raised to the peerage of occupying a seat in the House of Commons.

One Commoner has already expressed willingness to yield his seat to Robertson. Still a third way would be to appoint a peer with the understanding that Robertson have full sway.

Lloyd-George, minister of munition, is one civilian who has been spoken of for the place.

The demand for the internment of aliens grows out of the fact that belief is almost Britain-wide that the Germans knew exactly of the movements of Lord Kitchener. The Morning Post says:

"Circumstances point at espionage and treachery and the country will suspect this the more owing to the singular freedom still allowed to enemy subjects of Great Britain."

The Northcliffe group of papers asks that internment of aliens of beligerent origin take place at once.

The Northcliffe papers, too, in their editorial on Kitchener in the main in accord with all others in their warm praise of his work.

The Morning Post urges Lord Milner at Kitchener's logical successor, and holds that the appointment of Lloyd-George would be a mistake.

LAWN PARTY POSTPONED

The lawn party which was to be given by the board of managers of the Children's Home on Friday, the ninth, will be postponed until Friday the sixteenth. The ladies in charge are planning an attractive evening, and as the cause, an especially worthy one, of aiding in the care of Alexandria's poor children, it is hoped that a large number will patronize the occasion.

JAMES J. HILL LEFT NO WILL

Widow Wants Louis W. Hill Made Administrator

St. Paul, June 7—James J. Hill, the railroad builder, left no will. His widow yesterday filed a petition in Probate Court asking that Louis W. Hill, a son, be appointed administrator of the estate, the value of which is placed in the formal petition at \$10,000,000. The petition was signed also by the eight children.

Just what the estate will aggregate is a question that will be determined only after the administrator has spent a number of months examining securities and holdings. It was intimated that Mr. Hill's estate would be managed by the administrator directly, instead of through any institution.

The fact that the Northwestern Trust Company was not joined with L. W. Hill as one of the administrators, it was pointed out, shows the decided manner in which the Hill family had united to hold the properties intact under one head.

L. W. Hill had been associated with his father in business for 23 years. He has been head of the Great Northern Railroad for seven years and of the First National Bank since it was bought by the Hill interests three years ago.

Mr. L. C. Catlett, of Gloucester County, Virginia, accompanied by Master Frederick Jones, is the guest of his cousins, Mr. and Mrs. C. P. Waller in South Lee Street. Mr. Catlett is attending the finals of the Episcopal High School where his son, Mr. L. Carter Catlett, Jr., graduated today.
